Atlas of China

25 provincial maps - From "The Provincial Atlas of China - 1956 -

Maps give place names - hsien (county) seats, some hydrography & roads. Accompanying marginal list present systematically the administrative structure for each of the province-level units. They should be used in conjunction with atlas index (5000 entries) & includes the names of all administrative units at and above the hsien level. The administrative lists are based on the 1957 Handbook of Administrative Subdivisions of the PRC. We have brought this up to date as of 1 Aug. 1958 & have correlated it with the provincial maps. Up to date info on hsien boundaries is unavailable. The only boundaries delineated on the maps are those of special and autonomous districts which are the same administrative
